

# Relief work

IFRC/Eric Quintero

Whether as a result of natural forces or human conflict, disasters happen. We aim to be ready to respond quickly to make a genuine and effective difference.

BMS relief grants have saved, healed and rescued the lives of tens of thousands of people in the past year, including those in Haiti, but those people and many others still need our prayerful concern.

## PRAY FOR:

SUNDAY

18

Those displaced from their home communities by internal conflict or ethnic persecution; the long-running hostilities and abuse against civilians in Sudan, D R Congo, Sri Lanka and Burma.

MONDAY

19

Those who live daily with the threat of natural disaster from cyclone or hurricane, whether in the delta plains of Bangladesh or the many Caribbean islands.

TUESDAY

20

The many people recovering from the effects and trauma of earthquakes, floods and landslides in **Peru**, Albania, Uganda and Haiti.

WEDNESDAY

21

Marginalised people struggling to maintain faith and livelihood in the face of hatred and persecution in Orissa (India), Georgia and Afghanistan.

THURSDAY

22

Those who suffer shortages of water, food or shelter in **Mozambique** and Zimbabwe.

FRIDAY

23

The millions around the world whose livelihoods are gradually being eroded by climate change and for bold decisions by those (of us) who have influence and power.

SATURDAY

24

The many unseen victims of human rights abuses who we can't respond to with relief grants but whom we can pray for.
